## LAHAINA COURT TERM

First One in Years—  
Maui News of Past Week.

MAUI, September 29.—Next month (beginning on the 11th), for the first time in several years, Lahaina is to have a jury term of court, and the townspeople are anticipating the revival of the old custom with much pleasure. For three weeks, it is expected, the streets will be lively with people and money will circulate with unusual freedom. The calendar of cases is not an unusually large one—the charge against Alfred Douse, the Puunene engineer, being the most important on the list.

### CHURCH CONVENTION.

During the week, the Evangelical Association of Maui, Molokai and Lanai churches has been holding daily sessions at the Paia native church, having adjourned from Wailuku, where it met during the previous week. On Sunday the 24th, at the Paia church, D. N. Oponui of Huelo and David Murray of Kaupo were ordained as ministers. Rev. R. B. Dodge of Wailuku and Rev. B. V. Bazata of Paia being among the clergymen taking part in the ceremonies.

It is stated that as the convention has not as yet completed its work, it will meet next week again at Wailuku.

### JAPANESE WRECKERS.

The wrecked ship Spartan with its cargo of coal has been sold by Capt. Nicholson to Onishi, the Kahului storekeeper, and a company of Japanese for \$1050 and a one-fifth interest in the money resulting from the sale of coal.

Of the 1900 tons of coal on the wreck, it is stated that but 800 can be recovered. It is costing the Japanese company about \$3 per ton to land the coal at Paia and they are selling it at from \$6 to \$7 per ton. Paia plantation has purchased 200 tons. Between two and three hundred tons have already been brought ashore. It is rumored that the Japanese are attempting to dispose of their interest in the wreck.

### TEACHERS' MEETING.

On Monday the 25th, a teachers' meeting was held in the Makawao school house, 16 pedagogues from the different schools in the district being present. The program was as follows:

Current Events—"The Peace Terms," W. C. Crook.  
Term Outlines of Study—Primary Outlines, Mrs. M. A. Paa; Intermediate Grades, Miss M. E. Fleming; Upper Grades, F. W. Hardy.  
The Salary Question, Miss R. E. Crook.

Election of officers, resulting as follows: Miss R. E. Crook, for president; M. G. Anjou, for vice-president, and Miss M. E. Fleming, for secretary.  
The teachers present voted against holding the November island convention at Lahaina.

### TENNIS GAMES.

Saturday afternoon the 23d, a tennis party was given by Mrs. C. H. Dickey, Haiku. Tennis was played during the afternoon hours despite a drizzle of rain and after an informal spread within doors, a jolly time at cards was had during the evening. About 40 guests were present.

Some more recent tennis scores, ladies' single, made in the tournament being held at Sunnyside courts, Paia, are as follows: Miss Sheffield, 6-4; Mrs. W. O. Aiken, 1-2; Mrs. H. A. Baldwin, 10; Mrs. D. B. Murdoch, 8; (set unfinished), Miss Belle Dickey, 6-6; Miss E. McGowan, 0-0; Miss Ethel Smith, 6-6; Miss Eva Smith, 3-3; Mrs. W. S. Nichol, 6-5-8; Mrs. H. A. Baldwin, 4-7-6; Miss Ethel Smith, 6-6-6; Mrs. D. B. Murdoch, 8-4-1.

Miss Belle Dickey having withdrawn, the finals will be between Mrs. W. S. Nichol and Miss Ethel Smith.

### NOTES.

Last week a visitor at the Nahiku rubber plantations noticed that trees two months old averaged 11-2 feet in height, while exceptional ones were a foot taller than this. The two plantations presented every appearance of prosperity.

Rev. R. B. Dodge will probably preach his first sermon in the Wailuku Foreign church the evening of Oct. 8.  
Lahainaluna Seminary has enrolled 115 students, the largest number in 19 years, or since the time that H. R. Hitchcock was principal. Lacking two teachers from the usual force, together with the installation of an electric plant, Principal McDonald is at present overworked.  
At a meeting of the trustees of Manuoa Seminary held in the school building at Paia, Monday afternoon, Rev. B. V. Bazata and Rev. John Kallio were elected trustees to fill vacancies on the board caused by the resignations of Hon. C. H. Dickey and Rev. S. Kapu. The seminary now has 73 girls on its roll. Miss Leigh and Mrs. Havens are two new teachers at the school this term. The seminary

building presents a fine appearance with its new paint.

The work on the Huelo-Kailua road seems to drag. The contract expires Oct. 7, but the road will probably not be completed till the last of the month.

Capt. Wilcox, formerly in charge of the Salvation Army at Wailuku, is now settled at Reno, Nevada. Lieutenant Clark, recently from California, is now assisting Capt. Lyman.

Last Saturday, School Inspector H. M. Wells, wife and two children arrived on Maui. They will occupy the C. H. Dickey residence at Haiku.  
Miss Osa of Honolulu is visiting her sister, Mrs. Geo. W. Wilbur of Kailua (Paia). A dancing party is to be given in the young lady's honor Saturday evening.

Harry Copp, captain of the Wailuku, police is at Puunene hospital. Some small bones of his foot were broken on a plank sidewalk of the county seat.

The coroner's jury held at Paia, Saturday the 23d, decided that the Porto Rican's death was a case of suicide. The man was found dead hanging to a flume between Hamakua and Paia on the morning of the 21st.

Hon. C. H. Dickey returned to Honolulu by Wednesday's steamer.

On Tuesday, the steamer Nebraska arrived in Kahului, bringing a mail from the mainland.

There's talk of starting a large pineapple plantation on lands adjoining Haiku.

Weather—Some rain on Tuesday and Wednesday.

## IT'S YOUR KIDNEYS.

Do Not Mistake the Cause of Your Troubles—A Honolulu Citizen Shows You How to Cure Them.

Many people never suspect their kidneys. When they have a lame, weak or aching back they think that it is only a muscular weakness. When urinary trouble sets in they think it will soon correct itself. And so it is with all the other symptoms of kidney disease. That is just where the danger lies. You must cure these troubles before they are certain to lead to more serious ills.

Doan's Backache Kidney Pills is the remedy to use. It cures all troubles city, is attached to the Hawaiian incensed by weak or diseased kidneys. John E. Bush of Punchbowl st., this interpretation staff at the Supreme Court. He says: "I had kidney trouble, and, acting on the recommendation of a friend, who had tried your invaluable remedy, I got some of Doan's Backache Kidney Pills at Hollister Drug Co.'s store. They were just as beneficial to me as they had been to my friend. It is well the virtues of these pills should be made known, for they really are an excellent medicine for kidney trouble."

Doan's Backache Kidney Pills are for sale by all dealers. Price 50 cents per box, or sent by mail on receipt of price by the Hollister Drug Co., Honolulu, wholesale agents for the Hawaiian Islands.

Remember the name—DOAN'S—and take no other.

## HANDY RULES TO RID MOSQUITOES

(Continued from Page 5.)

of running brooks. So don't waste your kerosene on deep running water, though it is necessary to protect the deep water, in rain barrels or cisterns. Also, don't mix fish and kerosene—use one or the other, not both in the same pond.

### WHERE TO LOOK FOR MOSQUITOES.

If you are troubled with mosquitoes, the kind that are dangerous, remember that somewhere within six hundred yards of your house you will find the female mosquito laying her eggs in some one of these places:

- In some place of standing water;
- In a cesspool;
- A sewer inlet;
- A rain-water barrel;
- A horse trough;
- A roof gutter that is clogged;
- An empty bottle;
- An old tin can;
- Broken crockery that holds water;
- A water pan for dog, cat or chicken;
- A water receptacle for a grindstone;
- A hole in a tree;
- A watering pan for birds;
- A garden fountain;

Any place, in fact, where water stands for five days or more. One tomato can in a shady spot, with water in it, has been found to breed sufficient mosquitoes to keep a family unhappy all summer. It is not true that mosquitoes breed in vines or grass; the female must have stagnant water in which to deposit her eggs.

### HOW TO GET RID OF MOSQUITOES.

Clean out every place where water stands; So dispose of old tin cans, bottles, or what not that rain cannot be retained; Watch your roof gutters; Empty your rain barrel of water every week, or screen it closely with fine-meshed wire on top; Change the water every day in a drinking pan for dog, cat or bird;

Watch the watering trough near your stable; Fill a hole in a tree with soil packed tight, or with cement; In other words, get rid of, or coat with kerosene, all stagnant, standing water, and you will get rid of mosquitoes.

If you have a playing fountain, put little fish, like minnows or goldfish, in the water and they will eat the mosquito larvae.

If you have a sluggish brook or a stagnant pond near your house spray kerosene or coal oil on the surface; this makes it impossible for the "wrigglers" to breathe when they come to the surface, and they die. The coal oil application is only necessary at the edges, and is good only so long as the oil film is unbroken.

If you want to interest your neighbor or your community in this work get into touch with the American Mosquito Extermination Society, which is doing most excellent work on a large scale. A line to its secretary, Henry Clay Weeks, at Bayside, L. I., N. Y., will bring a response to anyone who wants to exterminate the mosquito on a community or neighborhood scale.—Metropolitan and Rural Home.
